01

Company Overview

Air Horizont is a Maltese Airline created in 2014 operating ACMI and Charter flights. Our headquarters are located in Malta, with offices in Zaragoza, Milan and London. Our main value is the flexibility allowing us to cover all the needs our clients want.

price

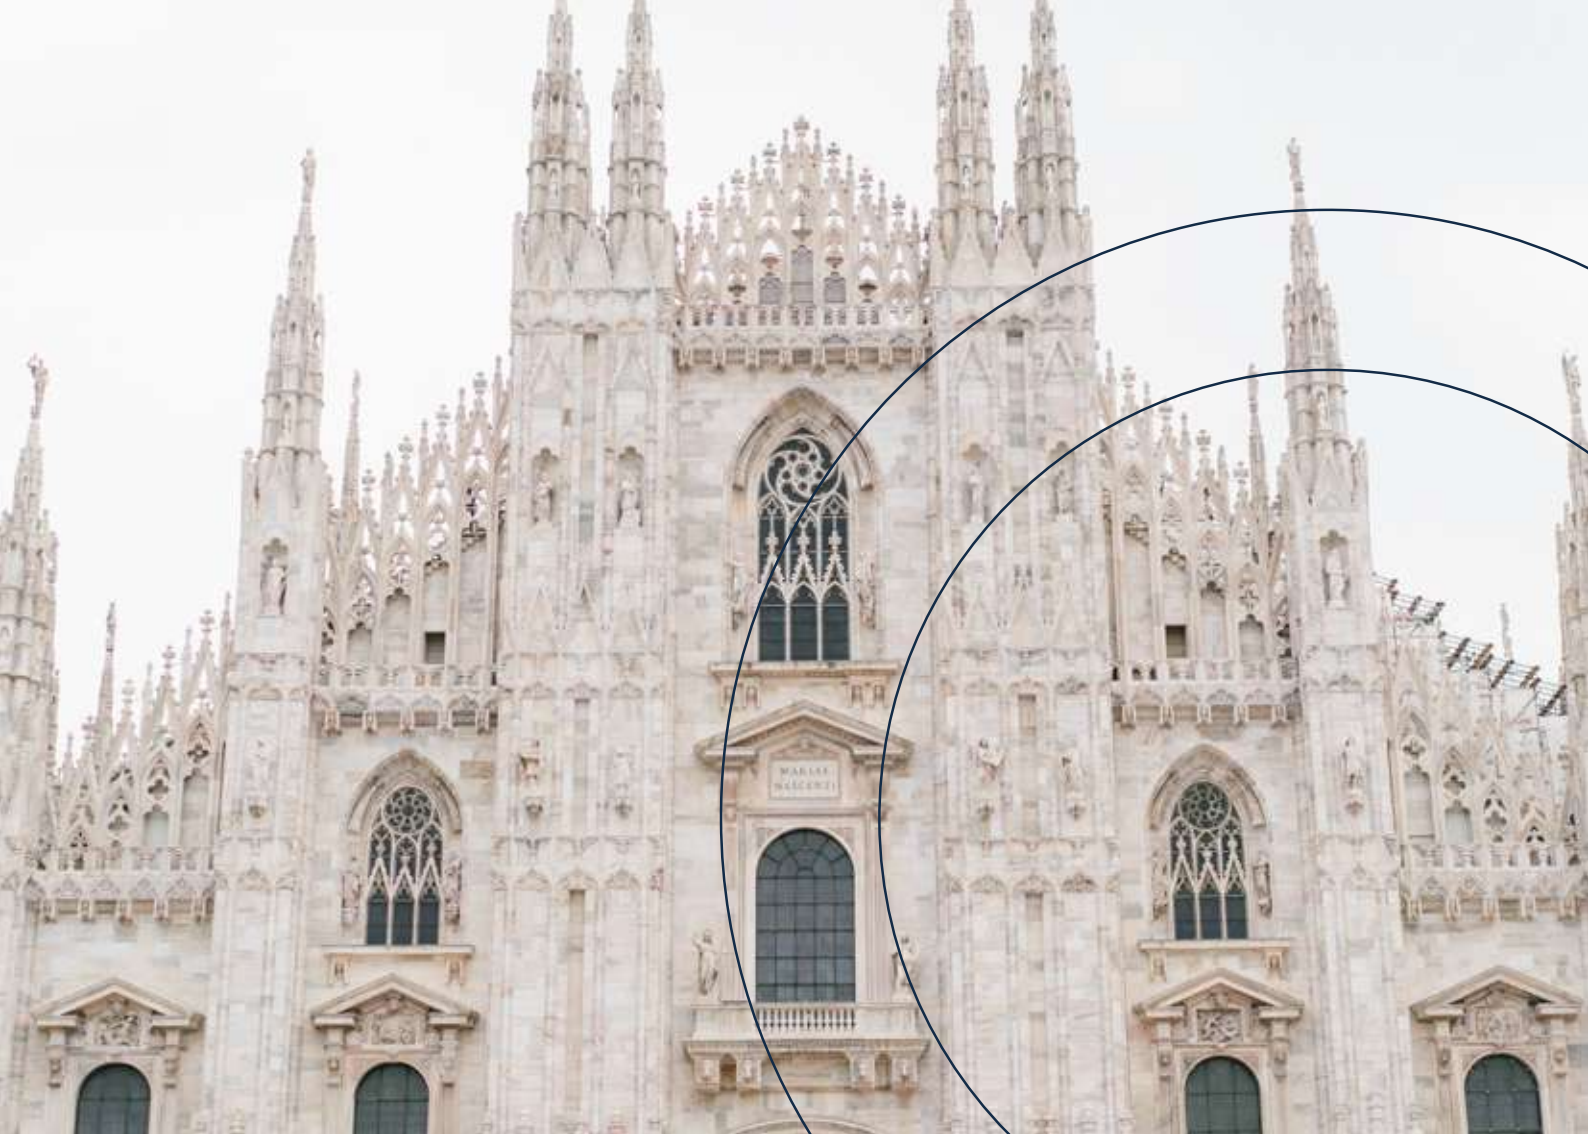

One of the best
charter airlines
in Europe

→ 2014

Start of business

Air Horizont was founded in 2014 with the vision of offering high quality private and charter flights to European destinations. Since then, we have grown and expanded our service offering, always with the commitment to meet the needs of our customers.

→ 2016

Entry into the Italian Market Office in Milan

In 2016, Air Horizont entered the Italian market with an office in Milan, offering private and charter flights to exciting European destinations.

Introduces it's elite class

A NEW FORM OF LUXURY PRIVATE FLYING

Air Horizont: the ultimate luxury in the sky. In 2020, we added the first elite class Boeing 737 to our fleet, offering VIP service to only 72 privileged passengers. We have flown with top sports teams and celebrities from music, cinema and fashion. Join them and fly with us.

02

VIP All
Business
Project

Flexibility is one of the main features that allows the Company's services to be adapted to customers' needs while fully meeting their expectations. The VIP All Business project was created with the aim of pursuing this goal.

The development of the Luxury Travel market, already managed by the Company in England since the beginning of 2020, represents an opportunity for further expansion in the European market as well.

In this context, starting in 2023, the Company has positioned a dedicated aircraft at MXP to handle short and medium range traffic to and from Italy. Complemented by SEN-based business aircraft.

A Boeing 737-400 has been configured with a 72-seat full business setup, with which direct charter flights and VIP services will be offered, both on the ground and in the air.

Corporation & Vip Mice

This project was focused on the market segments listed in the left side, receiving from our customers a high level of satisfaction after the growing number of flights performed over the years.

The company's commitment to offering this type of unit, fully configured in business class with 72 C seats, makes us an airline that stands out from the rest of the market in terms of comfort, flexibility and personal attention to our customers in each case.

03

Quality
& Prestige

Clients looking for a business product are not only searching an aircraft fully configured with cozy reclining seats, but also to have the guarantee of special services and customizations, since they arrive to the airport until they leave it. Air Horizont guide the client in all the process in order to offer a Tailored and an exclusive travel experience.

Our customers satisfaction

Fulfilling experience since passengers arrive to the airport, with a series of dedicated pluses: exclusive assistance at the airport on the outward and return flights; level of in-flight service; more distance between seats; extended baggage allowance (25 kg checked baggage + 1 trolley and 1 bag in the cabin); more convenient and faster boarding and disembarkation operations thanks to the limited number of flight seats.

A photograph of an airplane cabin interior. The ceiling is white with recessed lighting. The seats are dark grey or black. The text "AIR HORIZONT" is printed on the side of the cabin wall in a bold, sans-serif font. The letter 'O' in "HORIZONT" is a stylized circle with a gap in the middle.
